

## TO FILE FOR SSI FOR YOUR CHILD:

Call 1-800-772-1213. When asked why you are calling simply say: "file for SSI".

Eventually you will get to a person that will give you a time and a date that someone from SS will call you. Be sure you are at that phone one hour prior to the calling time and at least 2 hours past the calling time to get this taken care of. If they tell you that your child will be denied due to the family being over income or resources be very clear with them that you need the denial, on paper

stating *exactly that* for your child to get Medical Assistance benefits.

Once you get that document fax it to your district office with your child's name and SS# clearly identified on the cover sheet and request that the denial be put with the child MA record.
